(Matt Laughter)

In this breakout, you will be given the tools necessary to help you transform into a Student Ministry. Be Our Guest

(Stacie Siers)

For first time guests, it can be a long walk from the parking lot to the pew...or in our case, cushy seats! A successful Guest Service's team is ready to receive ALL guests and support them every step of the way. In this session, participants will be provided with tips and tools on how to help volunteers understand the "why" behind what we do, thus changing the way we interact with our guests. We will also discuss what's working and what's not, and brainstorm ways we can help each other improve the way we care for our guests. (session 1 and 3)

Gear Talk

(Tim Dennis/Mike Campbell/Chris Hartman/Zac Jones)

Hang out with our tech teams and see the equipment we use at ORBC and discuss the method on how we landed on what we use. Connect with other churches, trade ideas and create a network of support. (session 2)

Getting Your People Out of the Seats and Into the Streets

(Gary McCabe)

What does it take to get people out of their seats and into the community, or across the ocean? How do you identify the right target in your church so that you mobilize the right people from your church? How do you make the right people aware of the right things to do? We will explore these questions and more. (session 1 and 3)

Helping Volunteers Find Their Role in the Whole

(Kathy Livesay)

Learn how to engage volunteers to get off the bench and into the game utilizing a multifaceted strategy and discover how to connect the Right Volunteer with the Right Team by determining how each is uniquely wired. (session 2 and 4)

How to Turn 1st Time Guests into Fully Connected Members

(Stacie Siers)

Growing a church's membership doesn't just magically happen. There are several steps a church must take to strategically plan how a first time guest will become a thriving member of your church. In this session we will share ideas and look at strategies to enhance the assimilation process and maximize your ability to reach more people for Christ! (session 2 and 4)

T.E.A.M. (Technical Excellence As a Ministry)

Your ministry can be captivating, welcoming and fun all while reinforcing the Biblical truth that's being taught. Practical and helpful tips with tons of printouts and information available! (session 1 and 3)

Partnering for Long Term Impact

Spiritual Growth

When the DREAM Turns Into a Nightmare

(Brian Moss)

Every pastor begins with a dream. They dream of what their church could be. They dream of what God could do through the local church. They dream of God using them to make a real impact in the lives of their people, but what do you do when your dreams get crushed by the realities of ministry? This session explores the very real and raw side of ministry and explores ways to navigate the problems, people, and pitfalls of church life. (session 3)
